

Local Records Grant Program Informational Meeting

The Local Records Program will offer records management and preservation grant informational meetings. Each meeting will cover grant program requirements and the application process. This information will prepare local governments to apply for funding in this competitive grant program: workshop attendance is not required, but is encouraged.

Participants should bring a copy of the grant guidebook with them to the meeting. The guidebook is available at <http://s1.sos.mo.gov/archives/localrecs/grants/>. No pre-registration is required and there is no charge for attendance. Travel, meals, and other associated costs of participation are the responsibility of the attending individual. If weather conditions are hazardous at the site you have selected on the day of the meeting, it will be cancelled and not rescheduled.
